

Dual Master of Science in Pharmaceutical Sciences and Doctor of Pharmacy

Overview

The College of Pharmacy and Health Sciences offers the dual Master of Science in Pharmaceutical Sciences and Doctor of Pharmacy degree. This program is designed for students who are interested in a career in pharmaceutical research and development. The program is a five-year program that allows students to earn both degrees in a shorter period of time. The program is highly competitive and requires a strong academic background. The program is designed to provide students with the knowledge and skills necessary to succeed in the pharmaceutical industry. The program is a dual degree program, meaning that students can earn both a Master of Science in Pharmaceutical Sciences and a Doctor of Pharmacy degree in a shorter period of time. The program is highly competitive and requires a strong academic background. The program is designed to provide students with the knowledge and skills necessary to succeed in the pharmaceutical industry.
